## MORE STORIES YOU MADE POSSIBLE

*"After losing our beautiful husky rescue, we began the search for a rescue puppy that would fit our family. Tess (on the left) is perfect! She is so friendly, happy, energetic, and full of wiggles! She gets a walk in the woods every day, and is going to puppy kindergarten. She brings a smile to all those she meets. Thank you for rescuing Tess! She is a joy!"*

*"We have always been a "dog family" but I knew as soon as I met Mr. Oliver, he was meant to be a part of our family. We couldn't have asked for a better kitty. He adjusted so well to his new surroundings and his sister, 12-year-old pug, Zoe. Thank you for helping us find our handsome little guy!"*

*"Julian is living his best life! He is very loved and cherished. He fits in so well with the entire family. I can't believe we were able to find such a perfect fit, virtually. I'm thankful to everyone at CAAA. We got him some doggles to prevent those beautiful blue eyes from getting cataracts."*

*"My 11-year-old daughter always wanted a cat. As soon as she saw Harriet in the cage, she knew it was her cat. Harriet rubbed against her and purred. They are inseparable. As you can see in the picture, Harriet watches over my daughter like a sheepdog! Thank you for making this child so happy."*
